PROFESSIONAL SUMMARY

Results-driven QA Automation Engineer with 5+ years of experience in automation, functional, regression, UI, and database testing. Skilled in Selenium WebDriver, Java, TestNG, SQL, Jenkins, Maven, Git, and JIRA, with expertise in building scalable frameworks using POM and data-driven approaches. Strong background in CI/CD integration, Agile Scrum, and defect lifecycle management, with a proven track record of enhancing test coverage, reducing manual effort, and ensuring high-quality software delivery.

CORE COMPETENCIES

- Automation Testing Strategy & Execution
- Test Planning & Defect Management
- Agile Scrum & SDLC/STLC Methodologies
- Problem-Solving & Analytical Thinking
- Collaboration with Cross-Functional Teams
- Domain Expertise: Banking & Financial Services (BFS)

TECHNICAL SKILLS

- **Automation Tools:** Selenium WebDriver, TestNG, Appium
- **Programming Languages:** Java (OOPs, Collections, Exception Handling), SQL, JavaScript
- **Frameworks:** Page Object Model (POM), Data-Driven, Hybrid Framework
- **Build & CI/CD:** Maven, Jenkins
- **Version Control:** Git, GitHub
- **Test Management:** JIRA, Xray
- **Databases:** SQL, MySQL
- **Web Technologies:** XPath, HTML, CSS
- **IDEs:** Eclipse, IntelliJ IDEA, VS Code
- **Testing Types:** Functional, Regression, Smoke, UAT, Database, API Testing

WORK EXPERIENCE

Senior Quality Engineer | LTI Mindtree (*Jul 2026 – Present*)

- Maintained automation scripts to ensure reliable application performance.
- Used SQL Queries to insert, fetch and delete data from tables.

Software Quality Engineer | Infosys Pvt. Ltd. (*Feb 2026 – Jun 2026*)

- Designed and implemented automation modules converting manual modules into 700+ automated test cases.
- Integrated automation suite with Jenkins CI/CD pipeline, ensuring continuous execution.
- Analyzed and resolved automation script issues.
- Took ownership of critical automation issues, collaborated with the team, and ensured timely delivery.
- Reduced regression cycle time by 40% through automation.
- Performed functional testing, documented findings, and reported bugs using JIRA for effective issue tracking.

Team Lead | Delhivery Pvt. Ltd. (*Aug 2021 – Sep 2021*)

- Led a small team to ensure smooth delivery operations and workflow management.
- Coordinated daily tasks, monitored performance, and resolved operational challenges.

PERSONAL PROJECTS
